

IV. REMARKS

1. Applicant appreciates the Examiner's indication of allowable subject matter in claims 3-10 and 13-19. However, for the reasons set forth below, Applicant believes the present claims to be allowable.

2. An error is noted in paragraph 1 of the Detailed Action. The paragraph refers to the rejection of claims 4, 5 and 15. However, in a conversation with the Examiner on or about August 13, 2004, the Examiner indicated that the paragraph should refer to the rejection of claims 1, 20 and 21.

3. Claims 1, 20 and 21 are not unpatentable over claims 4, 5 and 15 of U.S. Patent No. 6,469,473 ("Kaiponen") under the judicially created doctrine of obviousness type double patenting.

Kaiponen is not prior art against Applicant's invention. The effective date of Kaiponen is June 27, 2001. However, Applicant's priority date is earlier, namely March 15, 2000. Applicant's priority date even precedes Kaiponen's priority date of June 30, 2000 by over three months. Thus, Kaiponen is not prior art and claims 1, 20 and 21 cannot be rejected over this reference. It is also noted that Kaiponen is commonly owned by the assignee of Applicant's invention, Nokia Mobile Phones, LTD.

4. Claims 2 and 12 are not unpatentable over claim 4 of Kaiponen in view of Phillips (U.S. Patent No. 6,400, 965) under the judicially create doctrine of obviousness type double patenting.

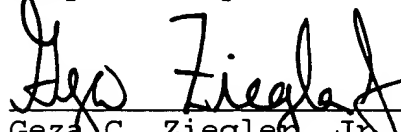

Again, Kaiponen is not proper prior art, so claims 2 and 12 cannot be rejected over the reference.

For all of the foregoing reasons, it is respectfully submitted that all of the claims now present in the application are clearly novel and patentable over the prior art of record, and are in proper form for allowance. Accordingly, favorable reconsideration and allowance is respectfully requested. Should any unresolved issues remain, the Examiner is invited to call Applicants' attorney at the telephone number indicated below.

The Commissioner is hereby authorized to charge payment for any fees associated with this communication or credit any over payment to Deposit Account No. 16-1350.

Respectfully submitted,
